

Stuart Bailey - Governor Profile

I am a Parent Governor at Woodlawn School.

My job outside of school is a Solution Director for a company called Capita Healthcare Decisions, where I'm responsible for our Health Benchmarking and Analytics products that we deliver to a wide variety of NHS clients. This involves a fair amount of travel and understanding of the needs of these organisations.

Prior to this I've worked for the last 27 years in IT related jobs, so am somewhat long in the tooth when it comes to computers and the like!

I have been a governor at Woodlawn since 2014 and have been delighted to see the improvements that have been achieved over that time.

One of my daughters attends Woodlawn as she has a genetic condition, which is why I decided to become a governor back in 2014 when a call to fill vacancies in the Governing Body came out in her book bag.

I am very pleased to be a governor at Woodlawn as it is both challenging and exciting working with such dedicated team of staff as well as the wonderful children and young people.

Outside of work and being a governor I take an active interest in fitness, having just run my first Great North Run and enjoy live music, of several forms!

I have two children. My eldest is currently in primary school, whilst my youngest is at Woodlawn
