

### English

Pupils will be furthering their knowledge of poems. We will read and watch performances of poetry with a strong beat and rhythm. Pupils will be given the opportunity to join in as well as writing parts of their own and a class poem.

### Mathematics

Pupils will further their ability to carry out addition and subtraction using different approaches such as counting on. They will then go on to explore repeating patterns using regular shapes, and everyday objects, to design and create their own wrapping paper.

### World Studies – Foreign Cultures

Pupils will learn about the culture of Spain through activities including using Google earth to find the country and some of its famous landmarks, trying typical foods and learning about traditional music and dance.

### Computing

Pupils will be furthering their knowledge of coding and programming using the Scratch programme. They will develop their understanding of how to create digital stories, games and animations.

### Independent living skills.

Pupils will further their skills in helping around the home including doing the dishes, housework, and changing a bed. They will also discuss and further their knowledge of personal hygiene and products to use.

### P.S.H.E

Pupils will further their understanding of the changes their bodies go through as they grow up through work with the school nurses. They will also explore a range of hygiene products and their uses.

# Secondary Class CJ

## Newsletter

### Summer 'B' 2023

### Religious Education.

We will be exploring the key beliefs of Buddhism and the important people linked to it. We will also learn about their main celebrations, such as Vesak and explore ways they celebrate it. We will also discuss the importance of community in Buddhism and why community is important to them.

### Physical Education

We are going to look at a range of skills through this half term that includes changing direction, changes of speed, jumping, hopping and imitation. These skills will provide our students with the ability to perform a range of movements that suits everyone with an overall theme of athletics.

### Creative Art

Pupils will design and make an item for their own room, thinking about colour schemes and themes. They will create personalised logos and put together a montage of photographs that demonstrates favourite aspects of their life at home and at school.

### Communication

Pupils will further their knowledge of British sign language. They will learn and practise using signs for greetings, feelings/emotions, colours, numbers animals and words and phrases used when communicating about holidays.

### English

Look at some of the videos at this BBC website about different types of poems.

<https://www.bbc.com/bitesize/topics/z4mmn39>

### Mathematics

Play the following game to practice addition and subtraction  
<https://www.topmarks.co.uk/number-facts/number-fact-families>

Try the following to practice patterns

<https://www.youtube.com/watch?v=KPGODwWDFXg>

### Computing

Explore the scratch website – this is the one we will be using in school – can you create an animation, some art, your own game?

<https://scratch.mit.edu/>

### Independent living skills.

When you are doing the housework encourage your child to help you. If they help with dishes, setting the table, dusting or changing the bed let me know and they can have an extra house point!

### P.S.H.E

Look at the following videos from the BBC series Ask Lara
