

English

Pupils will be learning all about the pre-19th century novel, "Moon fleet". This unit of work helps students to develop and hone their reading skills by reading, analysing and responding to a pre-19th century text.

Mathematics

Pupils will be developing their understanding of place value - recognising numbers, ordering, using greater than/less than, etc. Later we will be further developing pupils' ability to add and subtract using different strategies, then geometry and finally measure.

Science

Pupils will be focusing on the food and digestion area of Biology. Within this unit pupils will explore the seven major food groups, how to maintain a balanced diet and the process of digestion within the human body.

Computing

Pupils will expand on their knowledge of internet safety, exploring the positives and negatives of the internet and exploring ways to ensure that they are safe when using the internet for personal uses.

Humanities – History

Pupils will look back on the medieval period of history within England and will discover how the people of this time lived and the causes of the Black Death and will eventually create their own medieval theme park.

P.S.H.E

Pupils will be exploring their well-being within this half term, focusing on ways they can support others, using strategies to help ease worries, maintaining a healthy mind and body and discussing our feelings.

Secondary Class 9 (Tom)

Newsletter

Autumn 'A' 2022

Religious Education.

Pupils will discover the definition of religion and develop their knowledge around the difference between knowing and believing as well as investigating what counts as good evidence and what makes an experience religious.

Physical Education

Pupils will be developing their ability within Gymnastics by performing partner balances; creating individual and partnered routines and ways we use our bodies to travel.

Creative

Pupils will develop their photographic and artistic skills within macro-art in this half term by taking close up photos of objects and recreating them using paint, pens or pencils. Following this, pupils will also develop their own pop art versions of sweet and chocolate wrappers.

Social Communication

Pupils will work as a class to understand the worry tree and how this tool can be effective in supporting pupils when they have worries they wish to share with friends, parents/guardians or teachers.

English

We will be practicing recreating the story of Moon fleet in our lessons to help understand the story in modern day English. Create a comic strip with each section of the comic representing a different chapter.

Mathematics

Use columnar addition to work out the following number sentences:
15+12=
27+13=
35+45=
125+236=
After completing these, create three more questions of your own demonstrating the addition of two 3-digit numbers.

Science (watch these first)

Using the link attached print out this blank eat well guide and fill it in with all of the food you have ate in the space of two days to see where it all fits on the eat well guide.

<https://www.tes.com/teaching-resource/blank-new-eatwell-plate-guide-2016-11313379>

Computing

Describe all of the ways that you ensure you stay safe whilst using the internet at home and at school.

Humanities

Come up with a few different design ideas for your medieval theme park before you create the theme park in the final lesson of this topic.

P.S.H.E

Create a word map for all of the different ways you try your best to maintain a healthy well-being.

Suggested Homework (class 9 – Tom) Autumn 'A' 2022

Religious Education

Watch this video and write down whether you believe in religious experiences and why:

<https://www.youtube.com/watch?v=HHtNoQY-eaM>

Physical Education

When it comes to Sport, there is space for everybody, take a look at these inspiring clips from the Paralympic games over the years to be inspired.

<https://www.youtube.com/watch?v=XnZX0HkxRbg>

Creative

Take close-up photos of objects at home and bring them in to school to use in our macro-art project.

Social Communication

If you ever see a friend or family member who looks worried or concerned, ask them if there is any way you can help.
