

English

Students will study the book War game by Michael Foreman and then complete a series a writing tasks including postcards, letters and poetry. We will also be studying Flanders Fields poem and completing work linked to Remembrance Day.

Mathematics

This half term our focus in Maths will be upon:

- Number and place value
- Multiplication and division
- Fractions
- Geometry: position and direction

Science

Students will continue their Biology strand of Science by learning about Respiration. We will explore the parts of the body involved in the respiratory system and their function. They will learn about the gases oxygen and carbon dioxide.

Computing

Students will continue their work on Internet Safety. They will learn about cyberbullying, what to do if they experience negative behaviour online and evaluate how to search safely online.

Humanities- Geography

“The Problem with Plastic”
We will explore the effect on the oceans of the world of plastic pollution. Students will discuss the impact of pollution on marine life and discover what can be done to help save our planet.

P.S.H.E

Students will investigate how we think, feel, and act. This will help to determine how we handle stress and make choices that will help to overcome these feelings. Students will learn how mental health is important at every stage of life.

Newsletter

Autumn B 2022

Religious Education.

Students will be looking at Christianity and its history. They will learn about the Bible and the New Testament, ceremonies and festivals, the importance of Christian churches and the crucifixion of Jesus.

Physical Education

This half-term the class will explore their expressive and creative side with Dance. They will learn different dances and establish simple routines.

Creative

The class will become designers this half-term! They will think of their product and then research, design, adapt and make their products, before evaluations. This will be to create a Christmas decoration.

Social Communication

The focus of this half-term is “building connections” and developing skills to make and sustain positive connections with others.

English

Write your own poem based on Remembrance Day. Think about the sights and sounds, as well as the feelings of the soldiers in the war.

Write your poem out in neatest handwriting and decorate with appropriate illustrations.

Mathematics

Pupils have access to My Maths which they can use at home to play a variety of games directly linked to the National Curriculum. Log in details can be found on the inside cover of the yellow homework book.

Science

Use balloons and string to test your lung capacity! Breathe one hard breath into a balloon and measure how inflated it is using string- who at home can inflate it most? Why might people have different lung capacity?

Computing

Create a poster to show Internet Safety rules.

When using the Internet at home, talk to an adult if you are worried about anything.

Humanities

Look online for details of local litter picks and participate in one. Think about the great effect this will have on your local area and the positive impact you are having upon the world. Remember to always dispose of litter properly.

P.S.H.E

Try some of the activities here to help support your mental health: <https://www.nimh.nih.gov/health/topics/caring-for-your-mental-health>

Suggested Homework Autumn B 2022

Religious Education

Look online at:
<https://www.bbc.co.uk/bitesize/topics/ztkxpv4/articles/zvfnkmn>
and
<https://www.youtube.com/watch?v=LvL3YXa0n2M>

Physical Education

Look online at different styles of dance.

Which is your favourite?

Can you create your own routine at home?

Creative-

Design a Christmas Card.

Think about making a fun and creative element such as a pop-up centre, embossing, or paper quilling.

Social Communication

Spend time with a family member or friend to do something fun to build your connection. This could be: playing a computer or board game, reading a book together, doing something creative, cooking something tasty or playing a sport.
