

English

Pupils will continue to work on improving and building sentences. We will look at the Poetry in Roald Dahls Revolting Recipe's. Focusing on the structure and rhyming couplets used, which will help to create our own poetry.

Mathematics

Pupils will continue to develop their knowledge of number, place value and addition/subtraction skills. Also using measuring skills and equipment's to estimate and measure different objects, weights and periods of time.

Science

Pupils will learn about disease and microorganisms. We will look at the conditions they need to grow, how different bacteria can be useful and how we can protect ourselves against harmful microorganisms.

Computing

Pupils will continue to develop and learn new programming skills in Scratch Jr and Scratch. Working on making and receiving broadcasts, programming inputs and outputs, making decisions and coding.

Humanities - Careers

Pupils will follow a career pilot module that helps recognise the valuable skills and experience employers are looking for in the ever-changing job market. What jobs will exist in the future, and what skills will be in demand.

P.S.H.E

Pupils will study emotional and mental well-being. What is mental health? and what can we do to manage different feelings? How we can deal with change, loss and transition and strategies that can help describe, recognise and understand our feelings.

DA Class Newsletter Summer 'A' 2022

Religious Education

Pupils will look at how Religion is portrayed in the media. How is each religion portrayed on Television and on the Internet. How has various forms of media influenced our beliefs and views on religion.

Physical Education

Pupils will learn the essential skills and techniques needed to play tag rugby. Session's will focus on improving pupils throwing, catching, passing effectively and movement when attacking and defending.

Creative - Music

Beethoven to Sheeran
Pupils will study various different genres of popular music. We will compare pulse and rhythm, looking at writing lyrics and learn about music legends of each genre.

Social Communication

Lessons will focus on different illnesses, viruses, germs and diseases. How these are spread and what we can do to combat them spreading.
