

## Pupil Premium Impact 2015/16

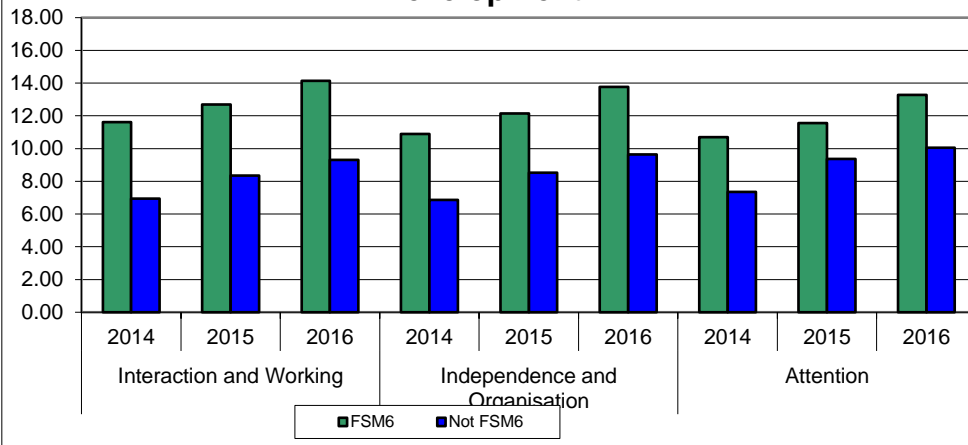

- At Woodlawn School the impact of pupil premium is very individual due to the diverse range of pupil's special educational needs and disabilities and their barriers to learning. We undertake anonymised case studies to identify individual progress.
- The following tables highlight that all pupils in school have made progress over a 3 year period but that the pupils receiving free school meals (a large proportion of our pupils in receipt of pupil premium), are progressing year on year and performing better than the non-free school meal cohort.
