Friday 12th November 2021

Dear Parents/ Carers,

Wendy Burke, Public Health England, has told North Tyneside Head teachers this morning that the infection rate across North Tyneside has fallen from 798 per 100,000 in Oct to 533 per 100,000 this week. This is great news!

As the North Tyneside rate continues to be higher than other areas we will continue with our additional measures in school of:

1. Adults wearing masks in corridors and communal spaces
2. Secondary pupils wearing in corridors where able.
3. Keeping visitors to school to a minimum.

This will be reviewed at the end of November and we hope then we will be removing these additional measures. We will continue with our increased hygiene and ventilation in school to keep our pupils and staff safe.

Thank you for your continued support.

Yours Sincerely,

Gill Wilson
Head teacher
