

English

Within their Narrative writing, pupils will focus on the setting, using figurative language. They will also write instructions about how a machine works as well as an explanatory letter. Finally, they will learn how to write a persuasive letter.

Mathematics

Pupils will revisit Number, focusing on whole numbers, decimals and negative integers. They will partition, order and compare numbers before moving on to rounding. In Statistics, they will interpret and create tables and graphs.

Science

Pupils will learn about the Environment. They will learn how plants and animals adapt to their habitats, including food chains and webs. Pupils will research how animals and plants compete. Finally, they will investigate decomposition and recycling.

Computing

Pupils will explore the concept of sequencing in programming through Scratch. They will use a selection of motion, sound, and event blocks which they will use to create their own programs, featuring sequences.

Humanities

In Geography, pupils will learn how volcanoes affect the lives of people on the Icelandic island of Hiemaey. They will learn how volcanoes form, observe the global pattern of volcanoes correctly and suggest plausible geographical reasons for this distribution.

P.S.H.E

Pupils will take part in discussions and activities relating to the topic of managing risks and personal safety. They will look at issues surrounding the risks relating to drug and alcohol use as well as gambling.

Secondary Class DA

Newsletter

Spring 'A' 2023

Religious Education

Pupils will explain the purposes of verbal and non-verbal communication. They will look at passages from the Bible and Qur'an to explain the purpose of prayer in Christianity and Islam.

Physical Education

The focus during PE will be Athletics. Pupils will take part in various activities and games to develop their ability to sprint and hurdle as well as take part in the Triple Jump, Shot Put and Javelin.

Creative

In creative studies students will learn about pattern and architecture. Students will explore the work of Maria Thomas, Tula Moon and Ian Fennelly. Students will develop zentangle's, monochrome patterns and work across different multi media.

Social Communication

Pupils will focus on Self Confidence. They will discuss how being confident comes naturally to some people but for others, it is something that they will have to work hard to become.
